Mapbox Studio Components	Zoom Levels	Form	Color	Type	Texture
Administrative Boundaries • *admin-0-boundary* • *admin-1-boundary* • *admin-0-boundary-disputed*	International boundaries visible at all zoom levels, subnational only when zoomed in	Uneven, pencil-like lines			Fuzzy, rough
Buildings (including labels) • *block-number-label* • *building-number-label* • *building* • *building-extrusion* • *building-underground*	Only visible at high zoom levels	Fuzzy, black outline	DBA165		Fuzzy (ignore the lines)
Land & Water • *land* • *landcover* • *national-parks* • *landuse*	Visible at all zoom levels	Fuzzy, black outline	83712C		Fuzzy  Repeating faint flowers
Land & **Water** • *water* (+ shadowing) • *waterway* (+ shadowing) • *land-structure* (structures on the coastlines; lines and polygons)	Visible at all zoom levels		513985		Fuzzy, repeating swirls
Natural Features (Labels) • *water-point-label* • *water-line-label* • *natural-point-label* • *natural-line-label* • *waterway-label*	Smaller features visible at higher zoom levels Ocean labels: visible at all zoom levels Other water labels: visible at higher zoom levels		Natural labels (2D260D) Water labels (231543)	*Palatino Linotype Italic* Ocean labels: Poetsen One (Adobe Fonts) Other water labels: *Palatino Linotype Italic*	
Place Labels • *country-label* • *state-label* • *settlement-major-label* • *settlement-minor-label* • *settlement-subdivision-label*	Smaller features visible at higher zoom levels		D88442	Country labels: Poetsen One (Adobe Fonts) Admin boundaries: **Palatino Linotype Bold** Settlements: Palatino Linotype	

Points of Interest • *poi-label* (text or icon; Maki is used by default)	Visible at medium zoom levels	Point icons (coffee cup or running guy) 			

Mapbox Studio Components	Zoom Levels	Form	Color	Type	Texture
Road Network (including labels) Complex hierarchy avail within the following categories: • *road-labels* • *bridge* • *turning-feature* (e.g., one-way) • *road* • *tunnel*	Smaller roads only visible at higher zoom levels	Lines, decreasing line weights as roads become less significant	723824	Palatino Linotype	Fuzzy, rough
Satellite Imagery • *satellite* (can fade in a largest zoom level) • *background*					
Terrain • *hillshade* • *cliffs* • *contours*	Visible at medium zoom levels		726122		Fuzzy, increasing fuzziness as contours/elevation differences increase
Transit (including labels) • *aerialway* • *bridge-raile-tracks* • *bridge-rail* • *road-rail-tracks* • *road-rail* • *ferry-auto* • *ferry* • *aeroway-line* • *aeroway-polygon*	Only visible at high zoom levels				Multi-colored zigzag lines
Walking, Cycling (including labels) • *bridge-pedestrian* (+ many related categories) • *golf-hole-line*					

• *road-pedestrian* (+ many related categories) • *tunnel-pedestrian* (+ many related categories)					
Custom Datasets Mapbox Studio supports csv, geojson, kml, gpx, shapefile, and geotiff formats. All custom datasets must first be reprojected into Web Mercator (EPSG:3857)
